PLEDGE TO SUPPORT Rainier Beach Neighborhood Plan Priorities

In 2010, the community and the city began working together to update the Rainier Beach neighborhood plan. This plan update is a guide for the community and the City. It articulates the key priorities as well as a full spectrum of strategies so the community, City and the developers all work together to seek funding and realize transformative change that will bring Rainier Beach towards our shared neighborhood vision.

A Beautiful Safe Place – Strengthening the neighborhood through beautification increases public activity by 72%, and once we are all in the neighborhood together, we have the opportunity to get to know each other. This action plan would look at areas of the neighborhood that need physical improvements like street lighting, crosswalk markings and public art. These efforts would in tandem with public safety initiatives

A Place for Everyone – Rainier Beach Residents, long-term and new, will have access to safe, healthy and affordable housing; access to transit; and a variety of vibrant commercial centers

Growing Food to Develop Healthy industry – Rainier Beach has unique opportunity to combine its urban farms and light industrial zone to become a hub of food and agricultural production

Lifelong Learning – Rainier Beach is home to public and private educational institutions, with the capacity to provide formal and informal education to all 5,000 residents. Situated in the nation's most diverse zip code, Rainier Beach residents represent an amazing wealth of cultural experiences. By intentionally welcoming the community into the schools, both the schools and neighborhood can be uplifted.

RBAC's Theory of Change: Comprehensive Neighborhood-wide Initiatives

Comprehensive Neighborhood-wide Initiative is a holistic approach to neighborhood change and a commitment to building “intangibles” such as community and social capital. Authority and responsibility for neighborhood transformation efforts rests with the stakeholders in a neighborhood or community rather than a government agency.

- ❖ Clear vision and mission well understood and shared by all stakeholders
- ❖ Goals and outcomes are whatever the neighborhood wants them to be
 - ❖ The mission is sustained and frequently revitalized
 - ❖ Leverage existing resources and programs
 - ❖ Strong leadership and staff
 - ❖ Strong board of governance
 - ❖ Responsive to neighborhood needs
 - ❖ Neighborhood participation
 - ❖ Collaboration
 - ❖ Financial planning and Management
