

Up to \$1.5 million.... what park project would you launch?

Here is a great opportunity to get involved in improving your Seattle parks system. Dedicated community organizations and individuals mounted a grassroots effort to pass the 2008 Parks and Green Spaces Levy, and now Parks is looking for your ideas. This Levy allocates a total of \$15 million to the Opportunity Fund which provides for **community initiated** park projects.

You have the opportunity to propose a park development project and/or propose a piece of property for Parks to acquire. Through a citywide nomination process Parks will award up to \$7 million for projects in this first funding cycle of the Opportunity Fund. The Levy's Citizens Oversight Committee has developed criteria for evaluating, and recommending Opportunity Fund projects to the City Council.

The first of two rounds is open for you to submit your Project Proposal Letter. Parks is hosting four technical workshops to help you develop your Proposal Letter and to answer questions about the Opportunity Fund criteria. Proposal Letters must be submitted by February 1, 2010. The next step is to develop your Application, which is due on April 2, 2010. Sorry, no Applications will be accepted without an initial Proposal Letter.
