## FINAL COMMUNITY MEETING FOR RAINIER BEACH LEARNING GARDEN

The Steering Committee of the Rainier Beach Learning Garden invites the community to the third and final meeting for the Rainier Beach Learning Garden on Tuesday, May 18, 2010 from 6 -8 p.m. at the South Lake High School, 8601 Rainier Ave S.

After a review of three concept plans at the second meeting, the community prioritized elements for the garden. Barker Landscape Architects incorporated the comments into a final design. The community is encouraged to attend and provide final comments on this design.

The Rainier Beach Learning Garden promotes environmental sustainability, healthy eating, and connection to nature through hands-on learning. The Steering Committee was awarded a Department of Neighborhoods Small and Simple grant to continue the development of this garden.
