

# Rainier Beach Community Center and Pool

Seattle Parks and Recreation is nearing design completion of a new Rainier Beach Community Center and Pool to replace the current facility. The new center will be a gathering place that will foster health, recreation, and education opportunities for your neighborhood.

Over the past year Seattle Parks and Recreation and ARC Architects have met with the neighborhood and gathered valuable input for the new building. The design will be complete at the end of 2010 and construction is anticipated to start in the spring of 2011.

The final public meeting will be:  
**Tuesday June 15th @ 6:30pm**  
**Rainier Beach Community Center**  
**8825 Rainier Avenue S.**

*\*\*The selected artists, Roy McMakin and Jeffry Mitchell, will be attending this meeting \*\**

Comments and questions are welcome at the meeting, or contact:  
 David Graves, Senior Planner
