

Rainier Beach Programs to Improve Education/Life after High School and to Increase Enrollment

November 10, 2010

Below are 5 programs that we are exploring bringing to Rainier Beach High School.

We are holding a community meeting **Wednesday, November 10** in the Rainier Beach High Schools Performing Arts Center at **6:30pm-8pm**. This meeting is open to all Rainier Beach area residents.

We want to hear from you.

We want to know what programs interest you most and would have you send your child to Rainier Beach High School. We have to consider sustainability in these programs which is why we have to research costs in addition to curriculum.

1. IB International Baccalaureate
2. Law Magnet
3. IT (That includes a Vocational Track)
4. Sports Medicine
5. Arts Program

Please help us spread the word the area residents.
