

PARKS & GREEN SPACES LEVY

"Creating community through people, parks, and programs."

First Round Opportunity Fund

2010 Levy Oversight Committee - Recommendations

PROJECT INFORMATION			
District:	Project Name:	Budget Allocation:	Notes:
CE	19th & Madison Neighborhood Park	\$473,000	The intent of this project is to create a beautiful, tranquil green oasis in an urban setting, including a sensory garden and a community gathering space on what is currently a vacant lot.
CE	James Court Woonerf	\$500,000	The goal is to convert an existing street and sidewalk into a green, pervious space which invites and accommodates uses by people on foot instead of only cars. It would be adjacent to the newly acquired 12th Ave Park which is in the planning stage.
CE	John Street Enhancement Project	\$260,000	This proposal enhances the new park and P-patch by adding a bioswale, planting area and providing better pedestrian connections.
CE	McGilvra Place Green Infrastructure	\$364,000	The project proposes closure of 15th Ave between E Madison St and E Pike St and modifications to the existing park for the creation of bioretention cells and rain gardens to accept runoff from the Cascadia Center's new building to the east.
CW	Lower Kinnear Park Enhancement Plan	\$750,000	The project goal is to create enhancements that improve trails and signage, restore the native vegetation and make connections to other trails in the Seattle Parks system.
NE	Naturalizing Northgate	\$500,000	This project will refine and complete all remaining channel work in this park, thereby creating a healthier watershed with more controlled flow and plentiful native plants.
NE	University Heights, South Lot Park, Playground Gardens	\$747,000	The project goal is to produce a cost effective operation of a playground, open space, performance area, gardens and a plaza area for the public.

NW	Park Enhancements for Bitter Lake Reservoir	\$287,000	<p>The project goal is to create additional open space and park-like atmosphere enhancements around the reservoir.</p> <p>CONDITIONAL: A comprehensive design plan must be developed and approved by Parks and Seattle Public Utilities that includes the Department of Neighborhoods P-patch proposal before any elements are constructed.</p>
NW	The Troll's Knoll	\$685,000	<p>The goal is to create a model design of a sustainable park space. Proposed sustainable design features include the use of recycled materials, native plants, minimal earth movement, tree retention, storm water management, solar panels and wind turbines.</p>
SE	Jimi Hendrix Park Development	\$500,000	<p>The goal of this project is to complete the development of the park, bringing to life an open green space that is welcoming and provides an unique experience which clearly defines its namesake.</p> <p>CONDITIONAL: A comprehensive design plan must be developed and approved by Parks before any elements are constructed.</p>
SE	John Muir Elementary PG Improvements	\$270,000	<p>Construction of a new play area to replace existing one, including rain gardens, permeable surfaces and planting beds, native plant restoration.</p> <p>CONDITIONAL: Must provide public access during non-school hours. Entrances/access should be provided to make the site clearly open to the public and gates must be unlocked during non-school hours.</p>
SE	Lewis Park Reforestation	\$260,000	<p>The project goal is to restore the steep slope area of the urban forest, increase the native plants and tree restoration.</p>
SE	Rainier Beach Urban Farm and Wetlands	\$500,000	<p>The goal of the project is to establish a unique green infrastructure development project transforming the Atlantic City Nursery into a working organic urban farm and demonstration wetlands restoration site.</p> <p>CONDITIONAL: Funding allocation is contingent on the project proponents being selected through the Request for Proposal process.</p>
SE	Santos Rodriguez Memorial Park	\$350,000	<p>The project goal is to revitalize and make more effective use of the available space and to increase public awareness and access to the park.</p> <p>CONDITIONAL: Must provide public access during non-childcare program hours. Entrances/access should be provided to make the site clearly open to the public and gates must be unlocked during non-school/program hours.</p>
SW	Puget Ridge Edible Park	\$520,000	<p>The vision of Sustainable Puget Ridge is to create an urban community farm which is a neighborhood meeting place, a community food garden and a test site for environmentally conscientious sustainability.</p>
TOTAL FUNDING PACKAGE		\$6,966,000
